

NOM Investment Development

Research shows that foreign companies generate a boost for the economy in the Northern Netherlands. NOM and NFIA (Netherlands Foreign Investment Agency) have developed an Investor Development program. This program aims at providing foreign companies with the best possible services and knowledge of subsidies, licensing and tax matters. We have an extensive network in our region that we can put to work for companies already established or for newly planned investments. Between 2009 - 2013 NOM assisted in almost 50 investment projects in the Northern Netherlands, which accounted for 3200 jobs (half of which were new jobs) and almost 3 billion Euros in new investments.

Strong Sectors

NOM

the Investment and Development

NOM, the Investment and Development Agency for the Northern Netherlands, is an independent public limited company with the core aim to strengthen the Northern economy through financial support, acquisitions and innovative projects. We do so by developing and stimulating employment and stimulating sustainable and profitable activities.

Januari 2014

On the NOM website www.nvnom.com you can read testimonials and watch video's of entrepreneurs who have chosen to locate in the Northern Netherlands. Who better to tell you about the advantages of doing business in the Northern Netherlands, than entrepreneurs themselves?

NOM
INVESTING IN DEVELOPMENT

NOM encourages economic activity and the development of employment skills needed to match the economic ambitions of the Northern Netherlands. The main focus is on innovative companies with a cross-border aspect, but every entrepreneur with a good idea is welcome. An unmissable stop for companies and entrepreneurs looking to invest in the Northern Netherlands, but also for companies already located in the Northern Netherlands.

NOM was established for the purpose of advising such companies by providing them with access to a broad network of business partners and government institutions, information and practical assistance. Quickly, free of charge and on a confidential basis.
